Weingut Johann Schneeberger – Sauvignon Blanc Sausal – 2014

Sudsteiermark

SILVER - GOOD

Austria, Steiermark

Quite youthful appearance here there is still a green shine, but the colour intensity is boarding light golden. Good purity on the nose. Pure and fresh with a lot of green in there. Like lemongrass, lime, ripe pear, some cut grass. Very Sauvignon but with a good degree of ripeness. No indication of oak. Also with the presence of something flinty, stony. Good purity and freshness and bite. It stays within the medium-bodied range. It does have a good flavour intensity there. Excellent freshness. Youthful fruit, like herbal infused ripe pear. Good length, it keeps lingering, still youthful and certainly with a potential for a few more years in the cellar. I think it delivers pretty much today.
